

# Waiting for Spring Mystery Quilt Part 3

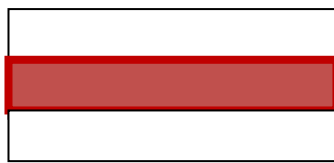

For part 3 of this mystery quilt you need to make small 9-patches. To be exact you will need to make 410 of them.

Start with cutting strips in your light fabrics and in your dark fabrics that are 1 inch wide and as long as possible.

Sew them together in these 2 combinations: You need to make the most of combination nr 1. ( Use a  $\frac{1}{4}$  inch seam allowance )

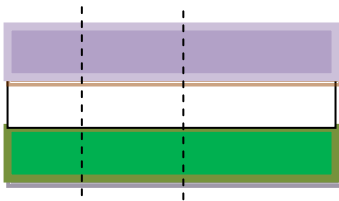

Combination 1

Combination 2

Now cut these strips in 1 inch pieces

Put these 2 combinations of strips together like this:

Comb 1 Comb 2 Comb 1

Your squares need to be 2 inch finished, the same as the pieces made in clue 1 and 2. Make 410!

Enjoy! The final clue will be on the website the 13<sup>th</sup> of April!
